

FEDERAL FUMIGATION STATION BE ERECTED AT EL PASO AT ONCE

Other Plants To Be Built at Other Points on the Border
—Work to Start on El Paso Plant Tomorrow—Every Person Entering El Paso from Juarez Including Servants, Must Be Clean, or Fumigated

EL PASO will have a federal fumigation station within the next six weeks or two months.

GOOD NEWS ON MEXICAN PLAINES

Far From Civilization Manning with American Troops Got Word of Vitalitas.

F. A. Manning who is now in El Paso after having been in the interior of Mexico for five years identified with the Mexican Revolution, a member of scouting parties with U. S. troops in the state of Chihuahua and in several sharp skirmishes in the Chocolate Mountains, tells about the first that he heard of natural Vitalitas.

"One day I got an El Paso paper that was brought into our camp, many miles from the U. S. border and twenty miles from a railroad. I read about Vitalitas and at that time I was afflicted with malaria and felt all in. When I came to El Paso the first thing I did was to purchase a bottle of Vitalitas. Have taken three bottles and it has cured me of my ailments. I do not believe any sick person could get anything to equal it. I have recommended it to friends and they have never been disappointed in results from its use."

Vitalitas is non-alcoholic and drugless. It contains a rare combination of earth chemicals and is guaranteed and recommended for indigestion, rheumatism, nervous debility, liver and kidney ills. Sample Vitalitas freely at the demonstration now in progress at Kelly & Pollard's Drug Store. Also sold by Taylor's Drug Store, Las Cruces; Columbus Drug Store, Columbus; Douglas Drug Store, Douglas; Ribbe Drug Company, Ribbe.—Adv.

bridge. It will require six weeks or two months to complete it.

Dr. C. C. Pierce, United States public health service, who was sent to El Paso several months ago at the outbreak of the typhus scare, has returned and will supervise the construction of the plant. The machinery is already here.

When the plant is completed, every person from Mexico will be subjected to a disinfection before being permitted to enter the United States. Clothing will be removed. Individuals will be forced to bathe, and, if vermin is found upon them, their hair will be of singeing and keratene, or some other equally effective disinfectant. All clothing will be steamed.

The capacity of the plant will be 1000 persons a day, if operated to the limit, although it is not expected that it will be necessary to treat that many persons daily.

To Fumigate Servants.
All servants and day laborers living in El Paso and Juarez will be subjected to the same regulations as others coming in from Mexico, except that, once given such treatment, they will only be required to report for inspection daily on entering El Paso and if they keep themselves clean and free from vermin, they will not be forced to undergo the treatment. The daily inspection will be exacted, however.

The construction of the plant will result in the detailing of another physician from the U. S. public health service for duty here. Dr. J. H. Tappan will remain in charge of the work, but an assistant will be sent him. The operation of the plant will result in the employment of several men here for this work. David M. White, a civil engineer, who is in charge of the fumigation plant in operation in Juarez, which also belongs to the American government, will likely have charge of the mechanical operation of the El Paso plant as well.

Other Plants On Border.
Similar plants will be erected at Eagle Pass, Laredo and Brownsville and Dr. Pierce will leave here next week some time for those points to start the work. At Laredo, Dr. Pierce will be joined by Dr. W. B. Collins, Texas state health officer, and together they will investigate the prevalence of dengue fever in the lower Brownsville country. Dengue will not develop here, according to Dr. Pierce, because of the

FALLS FROM 5TH FLOOR OF HOTEL ENGULFED BODY

4 Year Old Son of L. C. Barlow Goes Through Screen; Dies Soon Afterwards.

Seriously injured by a fall from the fifth floor of Hotel Paso del Norte, the four year old son of Mr. and Mrs. L. C. Barlow was rushed to Hotel Paso del Norte morning at 10:12 o'clock. He died shortly after noon.

The child fell from the window to the roof of the lobby, a distance of two stories, where he was rescued by employees of the hotel and removed to the hospital in an unconscious condition. L. C. Barlow, the father of the child, is manager of the Metal Buying and Refining company of this city, and is now in Chicago on a business trip.

Child Falls Through Screen.
As far as could be ascertained, the accident occurred when the little fellow was playing with his brother in the room, and had climbed into the window. Pressure against the screen is believed to have caused it to loosen and fall, the weight of the child's body carrying him out of the window with it to the roof of the lobby.

Mrs. Barlow immediately notified the office of the hotel and Dr. Frank Pickett was called, while a number of bell boys and others went to rescue the little fellow from the roof.

absence of the mosquito of the type that carries dengue and yellow fever. Dr. Pierce highly commends Mayor Leeper for the prompt action taken for the destruction of the unsanitary adobe buildings in the southern part of the city. "Over 1000 rooms have been destroyed since my last visit here a few months ago," he said today, "and the result is a big step towards the prevention of disease in El Paso, to say nothing of the improvement in the way of looks. Those unsightly buildings were a disgrace to the city and a danger to the whole city of El Paso."

CURIO STORE CASH DRAWER ROBBED OF MORE THAN \$100

By prying open the cash drawer, thieves obtained over \$100 in silver and gold coins Tuesday afternoon, in the curio store of A. Kline, at 129 San Francisco street. Mr. Kline, according to his statement to city detectives, left the store about 1:15 Tuesday, and did not return for over an hour, the theft being committed during that time. A young Mexican boy, who was seen in the vicinity of the store, is being sought by the police.

28 El Paso Firms Organize for Mutual Protection; More Members Wanted.

Material men of El Paso at a meeting held Tuesday night in the office of the El Paso Marble and Tile company, perfected plans for the organization of the El Paso Material Men's association, for the purpose of mutual protection. Twenty-eight charter members signed the membership roll and many more are expected as soon as the organization movement becomes generally known.

A membership committee composed of F. D. Stuart, chairman; H. A. Whitlock, H. B. Enell, and J. A. Whitlock, is being organized.

Follows Texas Plan.
The organization of the local association is but following the plan of the Texas association, where the material men by working together have accomplished many things for their mutual benefit.

The dealer who furnished the material for the construction of the buildings had very little concern at the time. The organization of the Material Men's association in many cities, influenced the passage by the legislature of the act, which provides for a lien on the property to secure payment for the material and work.

Officers of Association.
The officers of the association were elected as follows: President, George Evans; vice president, H. A. Whitlock; treasurer, H. B. Enell; secretary, J. A. Whitlock. The list of directors is as follows: L. A. Shedd, T. C. March, Al Krasser, Henry Welch, George Evans, F. D. Stuart, H. B. Enell, J. A. Whitlock, and R. D. Stuart.

It is planned for the El Paso association to be affiliated with the national association in this way valuable information relative to contractors and other important subjects may be had.

Many Charter Members.
The firms who became charter members of the association by signing up Tuesday night were: El Paso Marble and Tile company, El Paso Lumber company, O. T. Bassett & Co., Sheers-Lazebny Co., International Brick Co., San Diego Brick Co., Becker-McDonnell Hardware Co., El Paso Foundry and Machine Co., Tuttle Paint & Glass Co., Henning Lumber Co., El Paso Lumber Co., El Paso Brick Co., and O. T. Bassett & Co.

The charter enrollment is expected to be increased to 50 within a few days. Mr. Shedd called the meeting to order. Mr. Evans presided.

MODERN CLOWN DIFFERS FROM PREDECESSOR; STILL FUNNY

The boys and girls are all glad these days, for a perfect horde of clowns is coming to El Paso next Thursday, Oct. 5, when the Barnum & Bailey Circus will arrive.

The clown is an inherent part of man's attitude toward life. There have always been clowns in the past; there will always be clowns in the future. The circus clown as adults of today know him in the days of youth is slowly passing. What is left of him is scattered and impersonal remnants of the old individual better. He has become a medley, a multitude of abstracts, a bewildering unidentified copy.

The fun of the modern clown lies in their original conception, their grotesque costumes and their mechanical effects. It is not as effective and spontaneously uproarious as that in the days of the one ring tent. Dogs, pigs, goats, roosters, and even a kangaroo are his allies at ringside. Dog engines and patrol wagons give aid; they dress like policemen, rubes, dukes, young and old, and even a highlander and giraffe; even a giant and a midge walk side by side.

TODAY'S AMUSEMENTS

BILLIE BURKE TODAY AT GRECIAN.
Billie Burke will again grace the screen and delight the faithful ones at the Grecian today. That reminder is here today only—to wait is to miss her, and surely none of the faithful will want to miss her now, especially as there are just three more chapters, including the one shown today.

The Grecian announces that the picture that has created widespread discussion in El Paso the past two days, "The Wolf Woman" will be shown again tomorrow. Believing that there are thousands of people in El Paso who wanted to see this picture but did not get the opportunity Monday or Tuesday the Grecian has arranged for the repeat showing at a great added expense.

"The Wolf Woman" is a story painted in scarlet with a brush dipped in the scorching vat of passion. It is told of a woman whose voluptuous beauty is the ruin of those who come under her spell. It is a terribly frank expose of a demoralized character, but it proves conclusively that in the battle for love virtue always triumphs over vice.—Adv.

WIGWAG—FANTOMAS.
"The Man in Black," another of those thrilling "Fantomas" pictures, will be shown today at the Wigwag. There are five in the series, this one being the second, but each is independent of the other. The leading character is "Fantomas," the arch criminal of French fiction. He is seen in every picture. The pictures are entertaining, gets elaborate and the photography about perfect. The cast is made up of French stage notables.

Tomorrow, "The Evil That Women Do," a story of the Latin quarter adapted from Gabriel's greatest story, "The Circle of Gold," will be featured. The cast includes the noted Belasco, Francis Billington.—Advertisement.

KATZENJAMMER KIDS AT UNIQUE.
Max Fikman in "The Modern Hercules," Hans and Fritz, the Katzenjammer Kids, in "The Chinese Cook" and George, Oscar, and Harry, and the Blackhanders will make more enjoyable program for today at the Unique. This is the initial showing of the Katzenjammer Kids on the screen and they will be run at the Unique every week. Bert Williams, the famous comedian, will be featured in the play in which he made his biggest stage hit, "A Natural Born Gambler" will be here Friday, Saturday and Sunday at "The Upheaval."—Advertisement.

CROWDS EVERY DAY AT BIJOU.

The Bijou is showing the General Film company's first run service exclusively daily, and the El Paso picture are more than pleased with the program released through this company. Today's bill is extra good. Vera Simon will be seen in a special feature, "The Iron Will" a picture of the famous Joakim's famous novel: "Poor Pithecrates." Admission is: Adults 10 cents, children 5 cents. Tomorrow, Charlie Chaplin will be seen in one of his "old comedies." It is an old one, but oh, my! It's a scream.—Advertisement.

ISLAM'S POWER SHAKEN BY WAR BISHOP SHEPARD TO PRESIDE HERE

Mohammedans Weakened By International Strife, Declares Missionary.

The solidarity of the Pan-Islamic religious movement is being undermined by the great war, according to J. H. Nicol, educational director of the Presbyterian missions in Syria, who will lecture Wednesday night at the First Presbyterian church on "Present Conditions in Turkey."

Mr. Nicol has just returned to the United States from Greece, after nine years of missionary work for the Presbyterian church in Asia. Turkey, Syria and Palestine have been his fields of labor. He reached El Paso from St. Louis Wednesday morning and will leave tomorrow for Oklahoma. He is stopping at the Paso del Norte.

War Weakens Mohammedanism.
"The European war," he said today, "has found Turkish Mohammedans arrayed in arms against each other. That fact—Moslem fighting Moslem, side by side with Christians—has tended to weaken the faith to some extent. After the war is over, I think Christianity will have a better chance than heretofore."

Of the three million inhabitants of Syria, a third are Christians. There are 120 Christian missions in Syria. Of course, the war has worked hardship on the Syrians, but not to the great extent reported in many American newspapers. It is estimated that 10,000 Syrians have died as a direct result of the war. The Armenians, to the north of us, have suffered most.

Two Great Obstacles.

The two chief obstacles to the Christian missionary work in Asia, Nicol said, are the antagonism of the Turkish civil officials and the fact that Christianity has been practiced after a fashion, for centuries in the country. The people are used to the abstract idea of Christianity and therefore it is harder to interest them in it than it would be to carry the gospel to a people who had never heard of it.

The war has put a damper on the work, however, because people are absorbed in other things than religion. Our converts, who have been taught that Christianity was peace go hand in hand, are crying now in their simple way to understand why so many Christian nations are fighting. The Moslem is antagonistic to the war, but he has been taught that the Christian has no such thing. Now he is confused at the spectacle of Christian nations at each other's throats, and all calling on the same deity for aid.

PLAZA DRINKING FOUNTAIN WATER CUT OFF TEMPORARILY

The drinking fountain in San Jacinto plaza at the corner of 10th and Commercial streets, which was turned off temporarily while the new comfort station is being constructed. A temporary connection has been made to supply water for the fountain, but the drinking fountain is out of commission for the time being.

FINDS MISSING CAR.

Motorcycle officer M. E. Schoerer Tuesday night recovered a Saab roadster owned by R. E. Compton, that had disappeared several days ago from in front of the Compton home, at 611 West Commercial street. The car was found standing at Los Angeles and Main streets, only a few blocks from where it had been stolen.

Will Arrive Tonight to Conduct Methodist Church Conference.

Bishop William O. Shepard, of Wichita, Kansas, is expected to arrive tonight to be the presiding officer at the New Mexico Methodist conference, to be held in El Paso, beginning this evening, in the First M. E. church. He will be a guest at the Hotel Shelton.

Rev. and Mrs. S. Alonzo Bright, of Albuquerque, will arrive this evening to attend the conference. While here they will be the house guests of Mrs. W. H. Pickett, at her home, 1457 Arlington street. Rev. Dr. Bright is the superintendent of this district.

Reception For Minister.

There will be a reception and open house at the Rose Gregory Housen Settlement house, corner of Fifth and Tenth streets, for the visiting ministers, at the conference, Friday night.

An automobile ride about the city will entertain the visitors to the conference on Saturday afternoon.

Rev. and Mrs. C. Beckman and daughter, Miss Gail Beckman, of Albuquerque, will arrive this evening to attend the conference and will be the guests of Mr. and Mrs. J. H. Fink.

Missionary Representative Coming.

Rev. C. M. Cobb, of New York City, who comes here to represent the foreign missionary board of the Methodist Episcopal church, arrived this morning to attend the conference. He is a guest at Hotel Paso del Norte. Rev. Mr. Cobb will be one of the speakers at the Wednesday night service at the First Methodist church.

Rev. and Mrs. Clyde Keegan, of Santa Rosa, N. M., arrived Tuesday night and are the guests of Mrs. Brock, corner, 1112 North St. Vrain street for the conference.

Rev. and Mrs. Clyde Keegan, of Santa Rosa, N. M., arrived Tuesday night and are the guests of Mrs. Brock, corner, 1112 North St. Vrain street for the conference.

DOZEN WITNESSES IN SANDS CASE SIGN THEIR TESTIMONY

The dozen or more witnesses who testified Monday at the preliminary hearing of state ranger W. B. Sands, before justice of the peace J. M. Deaver, on a charge of having killed provost Sergt. Owen Biene in the Coney Island saloon last Thursday, signed their names to the witness stand on Wednesday morning in justice Deaver's court.

This testimony will now go direct to the district court. Sands having been indicted by the grand jury without waiting for the evidence at the preliminary hearing. It is expected that Sands' attorney, Victor Moore, will bring a habeas corpus action in the district court this afternoon to have bond for Sands fixed.

Sands is now being held at the county jail. It is expected he will be tried at the November term of court. It is believed judge Jackson will hear the application for the writ of habeas corpus and fix Sands' bond Thursday morning.

Wednesday morning judge Jackson heard the application of Sands and J. B. Swift for a writ of habeas corpus in another killing case with which Sands has been connected. He fixed the bond of each at \$1000. Several weeks ago while Sands and Swift were awaiting a Mexican named Madrid near Fabens, the latter, according to the witnesses, tried to take a gun away from one of them. The Mexican was wounded in the abdomen with a rifle and died.

A Stylish Walking Boot

THE very latest Fifth Avenue Creation to wear with tailored suits. The Guarantee is the first to show this beautiful and elegant street boot with the new one-and-a-half inch heel.
